

DAM GROUTING

TUESDAY, AUGUST 9 | 11 AM - 12 PM | ZOOM

REGISTER NOW

Tom Richards, Jr., PE, DGE
DFI Traveling Lecturer

This lecture reviews grouting methods based on the Corps of Engineers 2014 grouting manual and covers more nerdy details than Dave Paul covered on Mosul Dam in his DFI traveling lecture from 2020-2021.

TOPICS INCLUDE:

Typical Hole Layouts
Borehole Surveys
Effective Grout Pressure

Grout Mix Design
Lugeons and Apparent Lugeons
Computer Aided Grouting

An Emerging Professionals Webinar
Made Possible by DFI
