## **Your Expertise Is Critical for Keeping Industry Standards Current**

***Discover how you can help testing and licensing  
keep pace with our profession's best practices and  
recent advances.***

- Occupational Analysis: Understand how your response in April will be harnessed to shape the GE Test Plan.
- **Expert Consultants:**
  1. Qualify the next candidate class by determining the test content used to measure their competency.
  2. Receive compensation and earn PDHs.
