JONATHAN STEWART, PHD, PE
UCLA - PROFESSOR, CIVIL &
ENVIRONMENTAL ENGINEERING

SUMMARY OF SHORT COURSE

- Definition of site class from V_{s30} (exclusive use of V_s , not avg S_u or avg N), new site categories
- V_s profile estimation when measurements are not available
- Depth range for V_{s30} calculation (procedure and rationale)
- Change in S_a resolution – multi-period response spectra (MPRS)
- Question and answer period for live attendees

**All net proceeds from registrations for the live event benefit Student Development.*
