HORIZONTAL DIRECTIONAL DRILLING FOR GEOTECHS

THURSDAYS, JUNE 20 & 27 | 11:00 AM – 1:00 PM | VIRTUAL

Session 1 (June 20)

- Geotechnical Investigations for Trenchless Crossings, Specifically HDD
- Intro to Trenchless New Installation Methods

Session 2 (June 27)

- Settlement Risk Evaluation for Trenchless Crossings
- Intro to Pullback Force and Pipe Stress Evaluations for HDD
- Intro to Hydrofracture Risk Evaluation for HDD

About the Presenters

Mary Neher is a Senior Project Engineer with Bennett Trenchless Engineers. She has 15 years of experience in trenchless and geotechnical engineering. Mary received her bachelor's degree in mechanical engineering from the University of California, Berkeley and her master's degree in geotechnical engineering from the University of California, Davis.

Matthew Wallin is Principal Partner and Senior Project Manager with Bennett Trenchless Engineers. Matthew holds both bachelor's and master's degrees in civil engineering from Case Western Reserve University in Cleveland, Ohio. He has been involved in trenchless design and construction management since 2000 and has worked in different capacities on a wide variety of projects. He currently serves as the Chair of the NASTT Board of Directors.
