

SEISMIC EARTH PRESSURE

STATE OF RESEARCH, STATE OF PRACTICE

WEDNESDAY, JULY 17 | 11 AM – 1 PM | ZOOM

REGISTER NOW

MEMBERS \$75*
NON-MEMBERS \$125*
EARLY REG ENDS JUNE 28

Our panel will address survey-generated content requests from 50 practitioners and researchers. An opportunity for audience Q & A will follow. Topics include:

- Questions, challenges, and variations in calculating and providing seismic earth pressures
- Changes that our expert panelists recommend in calculating and providing seismic earth pressures
- Addressing complaints from structural engineers and general contractors with geotechnical insight
