10:00 AM TOUR OF MISSION BERNAL CARE CENTER

Malcolm is working for Sutter Health (owner) and Boldt (GC) on a new Advanced Neuroscience Complex in San Francisco's Mission Bernal Neighborhood. Learn more about Malcolm's scope on the project consisting of installation of 343 3-foot diameter x 70-foot deep secant piles, 654 tiebacks, 220 tiedowns, and construction dewatering.

POTRERO POWER STATION BLOCK 2 PROTON THERAPY CENTER

1201 ILLINOIS ST. SAN FRANCISCO, CA 94110

11:30 AM TOUR OF POTRERO POWER STATION BLOCK 2 PROTON THERAPY CENTER

Block 2 is the northern portion of the Potrero Power Station site that was formerly used for manufactured gas plant operations between 1872 and 1930. The site was environmentally remediated and now has varying levels of fill (8 to 25 feet in thickness) over Franciscan Complex Bedrock. Learn more about Malcolm working with Associate Capitol (owner) and Webcor (GC) on a new proton therapy center at this former Potrero Power Station in San Francisco.
