

EROSION CONTROL CASE STUDIES

TUESDAY, JUNE 3 | 11:00 AM - 12:00 PM PACIFIC | VIRTUAL

**REGISTER
NOW**

Erosion control and surface stabilization systems offer innovative solutions that are more sustainable than hard armoring materials. Solmax nature-based engineered solutions stabilize and protect against hydraulic stress for more resilient levees, dams, channels, shorelines and other key infrastructure. Join us to learn about Solmax erosion control products, PROPEX[®], through discussing local CA case study projects.
