

GEOTECHNICAL ENGINEER OF RECORD POLICY PANEL DISCUSSION ON THE ALWAYS, MAYBES, & NEVERS

REGISTER

THURSDAY, JUNE 12 | 11:00 AM - 12:00 PM PACIFIC | VIRTUAL

The panel addresses pitfalls to avoid in properly maintaining a geotechnical engineer of record.

- Best practices for policies and implementing proper documentation
- Avoiding insurance issues and legal liability
- Formalizing the transfer of engineering responsibility when multiple professional stamps are involved
- Ensuring a clear scope definition and limits of responsibility
