

CalGeo Membership Journey

Helping geo-professionals each step of the way

Exclusively committed to unifying, strengthening and advancing California's geotechnical engineering industry.

Students

CalGeo student chapters provide:

- Sponsorship of Geo Wall Team to compete and travel
- Free attendance at CalGeo's Annual Conference
- Networking with business owners, job placements and internships
- Scholarships, awards and prizes
- Initial leadership skills through chapter management

Emerging Professionals

Advance your career through:

- Monthly EP meetings and social events to network with your peers (webcasts available!)
- Build on leadership skill through participating in the EP board
- Invited speakers on relevant topics to young professionals
- GE study materials

Engineers

Build on your knowledge base through:

- Regional meetings to meet your peers, learn about new technologies/capabilities and case histories
- Technical and management related short courses
- Annual conference to present your projects and learn from key-note speakers
- Leadership pathways through committee and volunteer involvement

Management

Making your job easier through:

- Annual salary survey (free to participating members)
- Access to students and new graduates
- Annual Conference to highlight your projects, learn from key-note speakers and meet other owners
- Financial and legal short courses to help you with running a California business
- A legislative voice that we are stronger together, supporting the interests of California Geo-professionals
- Rewarding involvement through board of directors membership

Ownership

How do you give back to the geotechnical community?

- Plan for effective ownership transition through CalGeo's management short courses
- Get involved in the CalGeo board and past presidents group
- Become a speaker at student chapters, Emerging Professional meetings or our regional meetings.

Affiliate Partners

We can help market your products/services to the Geo-professional community through:

- Exhibit space and interaction at our Annual Conference
- Building strong relationships through fun events including our golf tournament, happy hours and dinner meetings
- Interaction with working professionals to learn what they need
- Brand awareness through sponsorships
- Promote your events, products and achievements in our e.Geo newsletter

Get involved in your future!

Navigate your career path using our connections to further your interests, knowledge, network and leadership skills.
