* The upcoming membership year runs from September 15, 2022-September 14, 2023

** An "employee," for purposes of CalGeo membership dues calculations, is defined as any person directly involved in soil engineering, geology, or environmental sciences; support staff (lab and field technicians), and administrative staff involved in supporting these services in the State of California. Part-time employees should be calculated on a full-time equivalent basis (total monthly part-time-employee hours divided by 160 hours).
