

CALGEO SPONSORSHIP

2019-2020

Subject: CSUF CalGeo Student Chapter Sponsorship 2019-2020

To whom it may concern,

Over the years, Cal State Fullerton's CalGeo student chapter has been struggling with its member retention. However, we want to change that, we may lack members, but we don't lack Titan Pride. Our Civil Engineering Program is ranked #9 in the nation. Our GeoWall team has consistently ranked top 2 regionally and nationally. Titans reach higher!

As we prepare to compete at conferences this upcoming Spring, we are also preparing for our upcoming events for this current semester and spring. Which include:

Site Visits	Networking
New CSUF Parking Structure	OC ASCE Heritage Night (ASCE YMF)
Brea Olinda Landfill	Speakers (TBA)
Socials	Projects
White Elephant	GeoWall
Bowling & Billiards	GeoVideo
Rock Climbing	GeoPrediction
Hikes (Crystal Cove, Peters Canyon...)	GeoShirt
Beach Day & Bonfire (Huntington)	
Fullerton Arboretum Picnic	
Conferences	
Geo-Congress 2020	
PSWC 2020	
CalGeo Conference	

With your support, the student chapter can continue their growing success. We are contacting you regarding the possibility of having a sponsorship for our student members and teams to attend and participate in the National Geo-Challenge competitions to be held in Minneapolis, Minnesota at the GeoCongress 2020 Conference from February 25th through February 28th 2020 .It is with the wonderful help and support of professionals like you that we can continue in our quest to be the best geotechnical engineering students as we prepare ourselves for the future. Not only do we strive to be the best to represent our university, but we also strive to be great representatives of our sponsors who have helped us get to where we are today. If you would like to support us, please see the attached sponsorship form.

Please feel free to contact us with any questions, comments or any kind of concerns. Thank you for your time and consideration.

Regards,

Vanessa Antunez & Samantha Bahena
